Nonsense

Comethazine

Bitch miss me with that nonsense, you broke a nonsense
I bought her like get this ramen, no lying
I just fucked your bitch and then nutted on her eyelid
I smoke so much dope my bitch be calling me a pothead

Gucci-Gucci on my feet now, she wanted me now
Took my pants off now it's time for her to eat now
She gobbled on my dick and then I told her she should leave now
Had to kick that little slutty bitch out of my tree house

I came in this bitch with my gun out
If he want some smoke then we gon' run out that boy gun out
Put a silencer up on my gun I change the gun sound
Hunnid round clip I let it hit till there ain't no rounds

Comethazine that nigga and you knew that
Eighty-eight thousand dollars worth of jewelry on my crew neck
Your bitch see me giving up that top she give my crew neck
My bitch booty jiggle when she walk it really do that

Bitch miss me with that nonsense, you broke a nonsense
I bought her like get this ramen, no lying
I just fucked your bitch and then nutted on her eyelid
I smoke so much dope my bitch be calling me a pothead

Yuh, Gucci on my feet now, she wanted me now
Took my pants off now it's time for her to eat now
She gobbled on my dick and then I told her she should leave now
Had to kick that little slutty bitch out of my tree house
