

Senate

Comethazine

(Div, Div, Div, Div)

Aw, yeah

Woke up with intentions on gettin' it
I come to your state and move like the state senate
All about the bands, making cake is great, isn't it?
We fucked up the spot, look like an earthquake hit it

I was smoking Nerd when I turned to a geek (Nerd)
I was fourteen, putting NyQuil in my drink
Now I pour Quali', Wockhardt, and I might pour Tris
Keep syrup in freezer, it's not frozen, it don't freeze
This XD is loaded, it just waits for me to squeeze (Boom)
He don't talk shit to me, he just talk shit when I leave
That boy obviously a rookie, I've been balling in the league
I peep, niggas keep on looking, I look back clutching my heat
New pot, weed cookin', trap jumping like twenty-three
Get shot just for looking, it's not comfortable to me
Flex a knot, get it token 'cause the money what I need
Sip a lot, need to stop 'cause it's purple when I pee
Drop a bag, get 'em tagged, they gon' hurt you for the fee
