

## Spinback

Comethazine

(Div, Div, Div)

(D-D-D-Div, don't do it to 'em)

I got my gun, so please spin back, mmm, mmm, please spin back  
I had my gun when they tried to attack, please spin back  
Don't hit and run, just please spin back, please spin back  
We are not done, so please spin back, please spin back

We do this for fun, bet he ain't know that  
Know we out here lookin' for a toe tag  
They was four deep, but I had one gat  
Went and got more heat, so please come back  
Please spin back, wanna know what you meant by that  
Oh, I know, you must have thought I was a ho  
Spin back now and get a tag for your toe  
Trap don't stop, get a bag for the low  
Might go shop and cop a bag for my ho  
Gave her good pipe, had her askin' for more  
If you see me, just know I might be grabbin' my pole (Woo)  
Vintage-ass drip, yeah, the fashion is old  
Re-rock block, no need for the stove  
Her body rock, unbelievable ho  
Fiends hit the block when they need 'em some more  
Four against one, add four to the score  
Four lines enough, but I'm pourin' up more  
Four pound tucked everywhere that I go  
It be with me at the store, it be with me with the ho

I got my gun, so please spin back, mmm, mmm, please spin back  
I had my gun when they tried to attack, please spin back  
Don't hit and run, just please spin back, please spin back  
We are not done, so please spin back, please spin back  
I got my gun, so please spin back, mmm, mmm, please spin back  
I had my gun when they tried to attack, please spin back  
Don't hit and run, just please spin back, please spin back  
We are not done, so please spin back, please spin back
