

# The Boogie Man Boogie

## Commander Cody And His Lost Planet Airmen

Way down by the railroad track, just outside of town  
You'll find an ol' top paper shack, that's almost fallin' down  
It's haunted by a boogie man is what some people say  
And late at night when the moon is bright you can hear his pian  
o play

In the wee wee hours of mornin' when the old folks are asleep  
You can hear his boogie bass man, you can hear his boogie beat  
He got supernatural rhythm, ten fingers on every hand  
Wonderin' if it's the music known as the boogie man

The boogie man will get you, if you don't watch out  
He'll make you shake, he'll make you shout  
Hey ba-ba-ree-ba doot in zout zout  
Listen to the music of the boogie man

He'll say, "Hey ba-ba-ree-ba"  
"Hey, hey ba-ba-ree-ba"  
"Hey ba-ba-ree-ba"  
"Hey, hey ba-ba-ree-ba"  
Listen to the music of the boogie man

One night I crept up to his house to see how he played so well  
And late at night, by candlelight, I saw him work his spell  
He took the eye from off a needle, had a tongue from off his sh  
oe  
Put 'em in a crock and then from a clock took a hand that point  
s to two

It was a fascinatin' feelin' and a captivatin' beat  
When I drank his magic potion I had to stomp my feet  
So if you like to boogie and if you like to chant  
Listen to the music of the boogie man

The boogie man will get ya, if you don't watch out  
He'll make you shake, he'll make you shout  
Hey ba-ba-ree-ba doot in zout zout  
Listen to the music of the boogie man

He'll say, "Hey ba-ba-ree-ba"  
"Hey, hey ba-ba-ree-ba"  
I say, "Hey ba-ba-ree-ba"  
"Hey, hey ba-ba-ree-ba"  
Listen to the music of the boogie man
