

## All the Way Down

Commodores

You have broken me all the way down  
Down upon my knees  
And you have broken me all the way down  
You'll be the last, you'll see

Some fight you gave  
And I pushed you away  
From me

And in the morning when you turn in  
I'll be far to sea

And you have broken me all the way down  
You'll be the last, you'll see

And what chance have we got  
When you've missed every shot  
For me?

And in the morning when you turn in  
I'll be out of reach  
And in the darkness when you find this  
I'll be far to sea

And you have broken me all the way down  
You'll be the last, you'll see
