

# The Zoo (The Human Zoo)

Commodores

Zoo  
The human zoo  
We're free

As a kitchen daisy  
Right  
Or really wrong  
Disguised in life  
As human rights  
And it calls us a civilization  
With tree life, a little outside our cages  
If people see that you're tryin'  
And tear you up like wholegrain light

Inside the zoo  
The human zoo  
What can I do  
It's gonna prove

Just give your friend a break  
H'll bite the hand that feeds him like a rattlesnake  
And don't shut your eyes and try to sleep  
Otherwise I'll steal your wheat

Inside the zoo  
The human zoo  
What can I do  
It's gonna prove

Zoo  
The human zoo  
We're free  
As a Cajun dancing  
Cuddle up with your dumpling and love her  
I bet it's your turn, I know it's terrible  
It's true

The human zoo, now  
Not like they do, no  
I will prove  
For me and you, girl  
That inside of you  
I love you too  
I want you to  
In this human zoo, lord I'm comin'  
Uh huh, in this human zoo  
I'm gonna do this for me and you  
Oh, I want you too
