

# This Is Your Life

Commodores

Do what you wanna do  
So much in life to see you through  
Be what you wanna be  
Be strong and tell the world you're free

I see the children of the world  
Searching to find themselves and who they are  
So many roads for them to choose, yeah  
So many ways for them to win or lose

Oh, this is your life  
Oh...oh...yeah, yeah  
Oh, whoa, whoa, yeah  
This is your life  
Yeah, yeah

I'll see you there  
Dyin' in your wisdom  
Where do you go, tell me  
Where do you go

Just see the light  
Shine through your window  
Why can't you see, tell me now  
Why can't you see

I'm longin' to see  
If your search will find  
Ah, peace of mind  
Well...peace of mind

If this is your life (Yeah, yeah)  
This is your life, yeah, yeah  
This is your life, yeah, yeah  
This is your life, yeah, yeah  
This is your life, yeah, yeah
