

Assimilate

Common Enemy

This modern generation
Can't make their own decisions
We'll make them for them
It's time to assimilate
Sit in front of your TV
We'll tell you exactly what to be
You're all just puppets on a string

[Chorus]
It's time to assimilate...Be part of the heard
Be one of the sheep...Follow our every word

It's a media deception
Mental conditioning
You're tools of the system
It's time to assimilate
The thoughts that you have
Are not your own
Your life is a lie

[Chorus]

Tell me how it feels
To be just another number
A mindless consumer
It's time to assimilate
You'll do just as we tell you
Buy just what we sell you
You're one of us now

[Chorus]
