

Emo Kids Unite

Common Enemy

Emo kids from coast to coast,
Take the circle just this once
Put your glasses in your pocket
Fuck shit up let's see you mosh!
The break up couldn't be that bad
So have some fun and don't be sad
Emo helmets, denim jeans
I understand, but can't you see?
There is just as much emotion in hardcore
You're no different from me
So hit the floor!
