

## I Give Up

Common Enemy

Sick of this job,  
Sick of this place,  
Sick of this cycle  
No, it's not ok,  
Look for a reason,  
Twist my brain,  
I lose again  
No, it's not ok  
Cuz... I give up  
Fucking worthless,  
Stressed for nothing,  
Going nowhere and gaining nothing,  
Shit piles up it's to no end,  
Everyday is the day  
I should have stayed in bed  
Cuz... I give up  
It's too fucking easy  
To end it all,  
I just can't skate this one away
