

I would take you home,
but I find you at home.
And nobody needs to know,
I'll give you all my love.

No one can deny your flavor.
Babygirl you taste so good to me.
I know you love it when I go harder.
You tell me what you want,
you beg me not to slow down.
Bring me back up, I'll go downtown,
come back around, ay.
But no one does it quite like you, babe.
Yeah, you're like an animal night and day.
Your lovin gets me oh so crazy.
You tell me what you want,
you beg me not to slow down.
When you back up,
when you go down come back around,
you get me so high, never feel tired.
And I love what you doin to me.

I wanna be with you twenty-four seven,
your love is like my heaven.
The birds and the bees ain't got nothin on your lovin, oo woah.
You make me wanna, oo woah. [x2]

Mm, girl, you lookin good underwater.
Mm, girl, the way you movin them shoulders.
Mm, girl, let you come up for air,
turn you round and pull on your hair.
You make me wanna slow down, take my time.
I'ma do me, let me do you right cause you get me so high,
never come down, and I love what you do to me.

I wanna be with you twenty-four seven,
