

Lahaina Town

Common Kings

Sherbert skies over Maui
Traffic lines on Front Street
Yellowtail out in Mala shores
Land of kings and queens

That's Lahaina Town
Ooh, city of champions
City of champs
That's Lahaina Town
Ooh, city of champions
City of champs
That's Lahaina Town

Ain't nobody seen a season here
Summer in town lasts all year
What would Maui be without "L" Hill
Woah oh, Hawaiians in the street let you know they've been here

That's Lahaina Town
Ooh, city of champions
City of champs
That's Lahaina Town
Ooh, city of champions
City of champs
That's Lahaina Town

Smoke in the day and the fires at night
And by the morning time, lost everything in sight
Once you get here you don't ever wanna leave
Red flowing in through my veins 'cause I'm from the west side

That's Lahaina Town
Ooh, city of champions
City of champs
That's Lahaina Town
Ooh, city of champions
City of champs
That's Lahaina Town

Beauty outweighs the smoke
Smell it in the air
Everyone around the world
Help us to make it heal

Our Lahaina Town
Ooh, city of champions
City of champs
Our Lahaina Town
Ooh, city of champions
City of champs

That's Lahaina Town

It never rained, no it never rained
No negotiating our land away
We're all daydreaming
Hoping for better days
