

# Lost In Paradise

## Common Kings

Oh yeah

Something about flipping out of the radar and I'm gone, whoa oh oh oh  
Cause I need a break from the days that are tripping at my soul, whoa oh oh oh

And I don't need a reason to tell you why I'm leaving  
Take me to paradise

So put me on a jet plane  
And pack up my bags and no turning back  
Grab a quick pair of cheap shades  
I'm losing the sight what goes in my head

If you need me I'll be gone  
Left my phone plugged in at home  
That I'm higher than the sun  
You ain't got to be alone  
I'll be staying poolside  
Sipping on that good life  
Slurping on the good vibes  
In the summer time  
If you need me I'll be gone  
Lost in paradise

Para dah ah ah ah ise  
Dah ah ah ah ise

Palm tree sway your Alabama stress away, I'm feeling gold, whoa oh oh oh oh  
And I don't need a reason to tell you why I'm leaving  
Find me in paradise

Checked my ticket to a one way  
And pack up my bags and no turning back  
Grab a quick pair of cheap shades  
I'm losing the sight what goes in my head

If you need me I'll be gone  
Left my phone plugged in at home  
That I'm higher than the sun  
You ain't got to be alone  
I'll be staying poolside  
Sipping on that good life  
Slurping on the good vibes  
In the summer time  
If you need me I'll be gone  
Lost in paradise
