

# Sickness

Common Kings

I get the sniffles when I'm with you  
My nose drips down it's a pretty ugly picture  
And Musinex ain't the best but I'll take it  
listen to my chest, Mama knows I can't fake it no  
I've Never felt like this before  
Somebody call the doctor cause  
My throat is getting sore  
you're just a tissue for my issues  
but I love the way I feel when I'm with you, so I say...

Doctor doctor help me see  
Is she really good for me  
Would she make it hard to breathe  
Or clear my chest completely  
When she holds me I feel fine  
But I'm too scared to call her mine  
I'd love to love her  
All the time

But she Kinda feels like my sickness  
Aye aye aye aye aye  
I said she kinda feels like my sickness  
Aye aye aye aye  
She kinda feels like my sickness  
Aye aye aye aye  
She kinda feels like my sickness  
I'd love to love her all the time  
But she kinda feels like my sickness

Somebody go and call for help  
This lovin might be good but it may effect my health  
I ain't got time for no drugs  
So give it to me straight  
Girl Is this really love, love?  
She got me wrapped around her finger  
feelin apathetic  
Cause I know I'm gonna linger  
And I'm a mess it's true  
But I could blame it all on you  
So I say...

Doctor doctor help me see  
Is she really good for me  
Would she make it hard to breathe  
Or clear my chest completely  
When she holds me I feel fine  
But I'm too scared to call her mine  
I'd love to love her  
All the time

But she Kinda feels like my sickness  
Aye aye aye aye aye  
I said she kinda feels like my sickness  
Aye aye aye aye  
She kinda feels like my sickness  
Aye aye aye aye  
She kinda feels like my sickness

I'd love to love her all the time  
But she kinda feels like my sickness  
  
But she Kinda feels like my sickness  
Aye aye aye aye  
I said she kinda feels like my sickness  
Aye aye aye aye  
She kinda feels like my sickness  
Aye aye aye aye  
She kinda feels like my sickness  
I'd love to love her all the time  
But she kinda feels like my sickness  
Aye aye aye aye  
I said she kinda feels like my sickness  
Aye aye aye aye  
She kinda feels like my sickness  
Aye aye aye aye  
She kinda feels like my sickness  
I'd love to love her all the time  
But she kinda feels like my sickness
