

Wild Out

Common Kings

Came to vibe one time, turn it up
Drink rinks on me, run it up
Got the high grade, roll it up
Put ya dubs in the air, throw it up

Champagne spilling
Mood right and she more than willing
To go all night
Mama catch this feeling
Cuz I'm so turnt tell me if you're ready to go

See the vibes been sitting real low
Got my attention when you hit the floor
I see what you're doing
And we both been ready for more
Yeah yeah

So if you're ready we can start the party right now
And if you wanna we can take it back to my house
We can catch a vibe and blast the music so loud
We can wild out
We can wild out till the sun's out

Mmmmm yeah
We came to have a good time
Wanna see them bad gyals wind
Burn up the high grade get so high
Poor me some jack me no drink no wine
No! I don't wanna see nobody yawning
We gonna party till the early morning
Man grab a girl
Nobody lonely
Let's go
Good vibes only

So if you're ready we can start the party right now
And if you wanna we can take it back to my house
We can catch a vibe and blast the music so loud
We can wild out
We can wild out till the sun's out

Ooh wee, back with another one
Common Kings with that Wild n Out
It's your boy Big Body Cisco
This one right here
Put the good in the feel good music
