We can go toe to toe with the blows to the temple (NOT)
Not the Temple of Doom so make room
for the Unamerican Caravan (who you down with?)
The B Boys Immenslope Twilite Tone Derrick and then some
I don't get rid of some faces
while marks be lookin hard and they be beggin bases
They have too many cases and now they got courage
Sorta like Goldilocks tryin to take Pop's porridge
But I got, the story straight
Plus the name, I got rep, don't dare sleep
Slept and got, crept
An AC/DC spider went up the wall we mount
Now came down the Common the Common Sense, and now the spider out
(BOOM) A blackout, power failure
I ain't the Burger King, but I got a whale of blows
uppercuts jabs hits and hey niggaz
Cause I'm weird they call me Lemonhead, but I'm a Jawbreaker
and I break a Bean, but I'm not from Boston
I'm stronger, and faster, than Steve Austin
Common'll keep the camera movin -- I'm kinda fast!
I'm from a town called FRESH OFF A NIGGAZ ASS
And I'm about to go on like Stephanie Mills
YOU MUST be poppin pills, tryin to step to me
Cause to the left of me, WE got the U-A-C (whattup)
And comin up to the right of me, WE got the U-A-C (come on)
And in back of me, yo WE got the U-A-C
And in front of me (BAW!) is a dead man G!
We hit em hard!
Kick it
A duck tried to buck, but the vic got vicked
so I picked him, he's another victim of a circumstance
He did a dance like Ali (SAY WHAT?)
But he floated like a waterfly and stung like a C
Ya see, I ain't out here, tryin to be a bully
Nor am I pretendin to be a two-shoes goodie
(WORD IS BOND) that I got big balls homes
And if a player try to press me, I gotta break the zone
Here to stage a, OOH SHIT, up in the sky
You better watch out, I'm tellin you why
Common Sense is breaking, marks down, ah-follow-me-now
Yo Common Sense is breaking, marks down
Uhh, check it, check it, check it
I huff and I puff and I blow (WHAT?)
the motherf**kin house down, I guess you didn't know!
Homeskillet, WHERE YA BEEN? Are you the boy in the plastic bubble?
Ooh you in trouble!
A tisket a tasket, you're gonna get your ass kicked
You better know what's in my jacket, f**k the basket
Oh, God damn CHILD, I mean it's drastic
You end up on a stretched cause I stretch you like Plastikman
F^{**}k with me ("you end up the in the cas-ket")
You flow ass pussy nigga, sucker duck bastard
(Yo Common calm down, you gots to calm down!)
This Grape tried to step to me, with his arms down
Lesson number one - when you're ready to throw

Mission upon the loves, gettin kisses, and hugs but then we runnin to a scrub that tried to bug He's out to get some what they call em stunts because we bunt (WHAT?) But I don't bug, I just slide her, and hit her Some be rumpy chump, with the chat chat chitter Yo we did her but I betcha know I'm better on it Now you got a 100 percent beef, it's just a beatdown (UH UH AHH!) Too late to try to be down Brother your best bet, is to cover your eyes, like Dee Brown (Cause it's a bum bum, bum-rush) And if I ask who popped shit, the Caravan gotta bus Sing it ("on that defense") But our bumrush is well done, not medium rare It's rare to see, an enemy within play True indeed a lot of shit, is over he say she say Me say, Warriors come out and play And I'ma tear shit up and leave it like the day, after And after we go around, and you hit the ground then you know I'm down with the Blows to the Temple \* shout outs \*
