

# Payment Of Existence

Communic

Do you think they could have a secret agenda  
An iron hand over the last remains of humanity  
The final breath of life, allusions of the end  
Are we all part of this scheme?  
Another coin in payment for your soul  
Another bone in the lifegiving soil

Reincarnated - as spawns of the darkness

All we crave to pass will leave a hole into deep  
As payment to exist they lost their soul

Bones buried beneath  
We are ... slaves of creation  
Reincarnated, a revolution  
We are ... merged into perfect form  
Regeneration came with a steep price

Into a realm of wealth and comfort  
How can we even resist this claim  
A manifestation of a perfect empire (your kingdom come)  
Where pain and disgrace are absent

Do you think they could have a secret agenda  
Protect the nation, with hidden intentions, for reasons why?  
One day when the devil calls your name  
And when he does you will think of me  
Another coin in payment for your soul  
Another bone in the lifegiving soil

As modern Gods claim sacrifice  
The flames will feed on the doomed  
Vested interest controls the flow  
Transaction on the wire

All we crave to pass will leave a hole into deep  
As payment to exist they lost their soul

Bones buried beneath  
We are ... merged into perfect form  
Regeneration came with a steep price

Reincarnated - as spawns of the darkness  
Reincarnated ...  
... Regeneration (2x)
