Wayward Soul

Communic

The earth has swallowed my pride
There is no need to believe
This God has left me anyway
A wayward soul - At the edge of the world

With a one way ticket - To the bottom deep With a one way ticket - To the bottom deep The deep!..Come follow...into the deep...

The earth has swallowed my pride There is no need to believe This God has left me anyway A wayward soul At the edge of the world

With a one way ticket - To the bottom deep With a one way ticket - To the bottom deep A Wayward soul, a wayward soul...

This image of a vulture's head Casting a shadow resembling death Waiting, while he listens to your breath Its beak ready to pick up your flesh

An image of a livid face Exposed over a stormy sky I try to reach, but it fades away Drifting on while I still search

This trauma triggers my thoughts
You are the one that I owe
For the influence of my return
The vague shape of better things to come

At gunpoint I could shimmer
What if life that really matters
All these thoughts I put into form
Will there be light on the other side?

Time still tearing on me $\ensuremath{\mathtt{A}}$ downward spiral that bleeds

Lost in the barren part of my mind These tears still bleed within In silence you speak to me Please wait for me at the edge of the world

With a one way ticket - To the bottom deep With a one way ticket - To the bottom deep

In silence you speak to me You speak to me Please, wait for me Please, wait for me At the edge of the world
