Conan Gray

Ain't never felt this way  
Can't get enough so stay with me  
It's not like we got big plans  
Let's drive around town holding hands

And you need to know  
You're the only one, alright... alright  
And you need to know  
That you keep me up all night, all night

Oh, my heart hurts so good  
I love you, so bad, so bad  
Oh, my heart hurts so good  
I love you, so bad, so bad

Mad cool in all my clothes  
Mad warm when you get close to me  
Slow dance these summer nights  
Our disco ball's my kitchen light

And you need to know  
That nobody could take your place, your place  
And you need to know  
That I'm hella obsessed with your face, your face

Oh, my heart hurts so good  
I love you so bad, so bad  
Oh, my heart hurts so good  
I love you so bad, so bad, yeah

So bad, so bad, so bad  
So good, so good, so good

Oh, my heart hurts so good  
I love you so bad, so bad  
Oh, my heart hurts so good  
I love you so bad, so bad
