

# Overdrive

Conan Gray

Only met on the weekend  
Said I'm not catching feelings  
Oh, I guess I lied (Lied, lied)  
Diving off of the deep end  
I can't think of a reason  
We should take our time (Time)  
Ah-oooh

All or nothing  
Let's just trust the night  
Ooh-oooh-oooh-oooh

Burning down the street no left-right, left-right  
I don't wanna see no red light, red light  
Fast lane on the beat go ten five, ten five  
You right next to me, feel the heat  
Going overdrive  
Going overdrive, yeah

Yeah, I know you're a stranger  
But I'm liking the danger  
Of the "I don't know" (Know, know)  
Don't give a fuck about labels  
Throw the dice on the table  
And just let 'em roll (Roll)  
Ah-oooh

All or nothing  
Let's just trust the night  
Ooh-oooh-oooh-oooh

Burning down the street no left-right, left-right  
I don't wanna see no red light, red light  
Fast lane on the beat go ten five, ten five  
You right next to me, feel the heat  
Going overdrive  
Going overdrive, yeah

All or nothing  
Let's just trust the night, night  
All or nothing  
You're my ride or die  
Ooh-oooh-oooh-oooh

Burning down the street no left-right, left-right  
I don't wanna see no red light, red light (Red light)  
Fast lane on the beat go ten five, ten five (Ten five)  
You right next to me, feel the heat  
Going overdrive (Oh-oh-oh)  
Going overdrive, yeah  
Going overdrive  
Going overdrive, yeah
