

# Yours

Conan Gray

I'm somebody you call when you're alone  
I'm somebody you use, but never own  
I'm somebody you touch, but never hold  
And you're somebody I'll never really know  
I know I'm not the one you really love  
I guess that's why I've never given up  
'Cause I could give you all you want  
The stars and the sun, but still, I'm not enough

Oh, all I really wanted was that look in your eyes  
Like you already know that I'm the love of your life  
Like you already know you're never saying goodbye

But I'm not yours  
I'm not yours, I'm not yours  
I want more  
I want more, but I'm not yours  
And I can't change your mind  
But you're still mine

So tell me that it's time for me to go  
'Cause you know I can't do it on my own  
The only thing that's harder than sleepin' alone  
Is sleepin' with your ghost

Oh, all I really wanted was that look in your eyes  
Like you already know that I'm the love of your life  
Like you already know you're never saying goodbye

But I'm not yours  
I'm not yours, I'm not yours  
I want more  
I want more, but I'm not yours  
And I can't change your mind

I should've known that it was dumb love  
Fifteen dozen roses  
All the things that I've done  
For you not to notice  
Can't believe I chose you  
Over all my best friends  
What the fuck did I do  
In the end?  
Just to not be yours
