

Body (HMMYES)

Conan Osiris

Are you ok?
We were not supposed to get mad just this time
Is it ok?
Are we not supposed to let go?

What does your body say?
And are you listening?
My soul is ready
Passion is thrustin' in

Is it ok?
Are we not supposed to let go?

But tell me
Is your soul healing my body
When your body is on me?

Tell me
Is my soul healing your body
When your body is on me?

And when it's over,
Baby just tell me,
Was it your body?
Was it my body?
Will you let go?
And tell me

Is your soul healing my body?

Hmm, yes
You getting me like,
Hmm. yes.
