

She Dragoon

Conception

No no no she said
I don't want your pheromones
So misplaced
Won't be brawling in this crowd
Go she said - flee while you can
You're so much older than me
I'm sure some day you'll understand

I want your name
I want you gone

Falling in and out
She made his self implode
She played a clever game
Of merely spinning idle meanings
Into a cocoon

Oh no he said
Watch dishonor be avowed
But i'll play the clown
If this game is all you know
Go she said
You gotta flee while you can
There's so much more at stake this time
But some day you'll understand

I want your name
I want you gone

Falling in and out
She made his self implode
She played a clever game
Of merely spinning idle meanings
Falling in and out
She swayed in angel mode
She played a clever game
A vicious inner fighter weaving
The she dragoon

He resigned;
Crawling once again
Need my feet back on the ground
Stalling
Want to do all the things
We said we would
Crawling once again
See my demons all around
Crawling once again
She inspired lunar debris

I want your name
I want you gone

[i never told you
I love you
I never gave in
I am a soldier

A renegade
I never told you
I love you
I never gave in
I am a soldier of doubt]

Falling in and out
She made his self implode
She played a clever game
Of merely spinning idle meanings
Falling in and out
She swayed in angel mode
She played a clever game
A vicious inner fighter weaving
The she dragoon
