Test

One

This is your captain speaking (two, three, four, five, six, seven, eight)

Child, child

Child, child

Child, child

Child, child

Child, child

Child, child

Done to you

Looking through you

I'm the true you

Trying to get through

How do I do anything

Through you this way

Child child look at you so

Up and down so black and blue

Shed your skin and let me in

I know you can begin again

Begin again

Lose your fear

I'm in your ear

I'm always here

Go on out, find out about it

You're allowed go make me proud

Someone's calling me

(God) someone's calling me

Child child down to you

I'm looking through you

I'm the true you

Trying to get through how do I do

Anything with you this way

Child, child look at you

So up and down so black and blue

Shed your skin begin again

Let me in

Ey ya ya

Keep on walkin'

Have a little faith, baby

Keep on walkin'

Have a little faith, baby

Have a little faith, baby

Keep on walkin'

Have a little faith, baby

Have a little faith, baby

Keep on walkin'

Have a little faith, baby

Have a little faith, baby

Ey ya ya
