

Oi! Ain't Dead

Condemned 84

See who's standing next to you
Is he plastic or is he true?
The years have rolled by, you can tell
If he's stayed the rocky course of Oi!

If you're into it young or old
Let the music take a hold
Bringing you up to the front of the stage
Feel the atmosphere in the place

Oi! ain't dead, no it ain't! 4x
Take a look and see
Take a look at me

Brave new bands supporting the old
Stories of the past, they've all been told
Air your views, open your mouth
Oi's about having a laugh

The years have rolled on, they thought we'd gone
But we never ever went away
It'll take more than the media lies
Cos' Oi's gonna fight another day
