

Our Time Will Come

Condemned 84

We've got to make a stand for our rights everybody knows
Get knocked down, kicked around, we're always taking the
Blows

If the truth was told, we've the strongest of pride and
We'll never give in
Everyone's against us, troubles begun, we'll carry on
Till we win

Will you be there, when the battles begun
You'd better not run

Cause that's the moment when our time will come

Our numbers are swelling from the people who hear the
Call
Prides in our hearts, bloods in our veins, they'll never
See us fall
They can see that they can't ever win without a fight
From us
We'll beat them at their own game, cause we're the ones
With the suss
