

You Ain't Got Me

Coney Hatch

In case you haven't noticed yet it's over
No use playing girlfriend games with me
No use phoning my house every evening
Just don't bother coming round to see

And if you're wondering what happened
Count up all those times you just weren't free
Not going to line up for appointments
Got no time for you've got no time for me

You ain't got me
Like you want me
You ain't got me

You ain't got me
Like you want me
You ain't got me

(Solo)

Ooh, you ain't got me
Like you want me
You ain't got me

In case you haven't noticed yet it's over
So don't play your girlfriend games with me
Stop phoning my house every evening
Ain't gonna be sliced up and served for tea

You ain't got me
Like you want me
You ain't got me

You ain't got me (like you want me)
Like you want me (ooh, like you need me)
You ain't got me
