

Don't Feel as Young as I Used To

Confederate Railroad

I don't feel as young as I used to
I get a little older everyday
I don't feel as young as I used to Lord but I getting used to feeling this way

I used to spend a lot of time in the bar rooms
I'd stay out til the late hours of the night
But I knew I better slow down soon when my dark hair started turning white

I don't feel as young as I used to
I get a little older everyday
I don't feel as young as I used to Lord but I getting used to feeling this way

Now some play my children with aspirin

About the things I've done where I've been
Would not want to see them live the life I lived but I do believe I'd do it all again

I don't feel as young as I used to
I get a little older everyday
I don't feel as young as I used to Lord but I getting used to feeling this way
I don't feel as young as I used to
I get a little older everyday
I don't feel as young as I used to Lord but I getting used to feeling this way
I don't feel as young as I used to Lord but I getting used to feeling this way
I getting used to feeling this way
