

Whiskey and Women

Confederate Railroad

It's range have changed by the passage of time
I've broken bad habits left them behind
Defeated my demons confronted of my fears
And anticipation of my golden years
I paid the price for excessive extremes
No longer able to recover the sins
I'm older and wiser but to tell you the truth
Often I long for the ways of my youth

Whiskey and women
Cocaine and peers
Sometimes I miss 'em
Yes I always will
A gay that but I remember the thrill
Of whiskey and women
Cocaine and peers

There's so much to live forward
So much to lose

So much depends on the road
That I've choose
Lord knows had no better
And I have all along
I'll pray I don't weaken
When the temptation's strong

Whiskey and women
Cocaine and peers
Sometimes I miss 'em
Yes. I always will
A gay that but I remember the thrill
Of whiskey and women
Cocaine and peers
Whiskey and women
Cocaine and peers
Sometimes I miss 'em
Yes I always will
A gay that but I remember the thrill
Of whiskey and women
Cocaine and peers
Whiskey and women
Cocaine and peers
