

# Beautiful Day

Confetti

It's a beautiful day  
Sun came out, don't give me no shade  
All that luck is rollin' my way  
Shot can't miss so bring me my change  
'Cause I get paid, get paid  
C'mon, get paid, get paid  
Life's so good, pour out the champagne  
Oh my God, it's a wonderful day

Another day, another dollar  
More money, no problem  
Bought a Coupe de Ville, it's real awesome  
Day off, MVP, playin' possum  
Water so clear, you can see to the bottom  
Made my own money, so I gave me a raise  
Got a sweat shop workin' the clock and tight pay  
Came a long way since the minimum wage  
Now my new text bracket gettin' everybody fade

All the green, new deal, look good on me  
Sit first class and brand new me  
Still knows my name and what I drink  
Got leg room now, let me stretch my feet 'cause

It's a beautiful day  
Sun came out, don't give me no shade  
All that luck is rollin' my way  
Shot can't miss so bring me my change  
'Cause I get paid, get paid  
C'mon, get paid, get paid  
Life's so good, pour out the champagne  
Oh my God, it's a beautiful day

Can't miss, I can't miss  
Had to throw up some bricks so I could get like this  
Now I got clout and influence  
Who said money can't buy you happiness?  
Got a new chick with a blue check  
With some new tits that mean huge fuss  
Buying everything that I never thought I'd afford  
Pull up with the suicide doors

Wave high when I'm flying over  
Never down if I'm never sober  
Not a hit if it's not a home run  
Got me running me bases while I'm running my mouth

It's a beautiful day  
Sun came out, don't give me no shade  
All that luck is rollin' my way  
Shot can't miss so bring me my change  
'Cause I get paid, get paid  
C'mon, get paid, get paid  
Life's so good, pour out the champagne  
Oh my God, it's a beautiful day

Oh my God, it's a beautiful day

Life's so good, pour out the champagne  
Oh my God, it's a beautiful day
