

# Feel It

Confetti

I caught those eyes, didn't even try  
I blew it off 'cause I'm not your type but I  
I'm on a roll, let's see how this goes  
'Cause if you want a prince you gotta kiss a toad

Ooh I know you feel it  
Don't know what you're seeing  
Too good to be true  
Somebody pinch me if I'm dreaming  
I don't need no genie  
Just the bottle 'cause I'm queasy  
You a model, I'm uneasy, but I know that you feel it, ay

(Ooh I know you feel it) Ooh I know you feel it  
(Yeah I know you feel it) Yeah I know you feel it  
(Ooh I know you feel it)  
Somebody pinch me if I'm dreaming  
'Cause I know that you feel it

I did my thing in biology  
But you helped me ace this chemistry  
How could reality be something you see in a movie scene?  
Hope we don't wake up now  
'Cause I'm feeling like Gwyneth from Shallow Hal

Ooh I know you feel it  
Don't know what you're seeing  
Too good to be true  
Somebody pinch me if I'm dreaming  
I don't need no genie  
Just the bottle 'cause I'm queasy  
You a model, I'm uneasy, but I know that you feel it, ay

(Ooh I know you feel it) Ooh I know you feel it  
(Yeah I know you feel it) Yeah I know you feel it  
(Ooh I know you feel it)  
Somebody pinch me if I'm dreaming  
'Cause I know that you feel it

Hey Fetti you know what  
What Conrad?  
A song like this needs  
You know what a song like this needs?  
A key change!

Ooh I know you feel it  
Don't know what you're seeing  
Too good to be true  
Somebody pinch me if I'm dreaming  
I don't need no genie  
Just the bottle 'cause I'm queasy  
You a model, I'm uneasy, but I know that you feel it, ay

(Ooh I know you feel it) Ooh I know you feel it  
(Yeah I know you feel it) Yeah I know you feel it  
(Ooh I know you feel it)  
Somebody pinch me if I'm dreaming

'Cause I know that you feel it

Oh, I know you feel it

Oo-hoo

Oo-hoo-hoo-hoo
