

Hot

Confetti

(Yeah)

I'm the new truth, the crypto
Erry'body peep the info
Look how I switch the zip code
The bed rock, flip the flintstones

You like the way I move my body
Take control, illuminati
I'm the baddest at the party fo' sho'
I'm like the drink that you been sippin'
I'm the spice that you been missin'
Good as gold baby I'm ready to go

Oh baby, take a look at me
Oh baby, do you like what you see?
Oh baby, take a look at me
'Cause I'm the hottest motherfucka' that you ever seen

Do you like it? (hot, hot)
Do you like it? (hot, hot)
Do you like it? (hot, hot)
Do you like it?

If you want cake, then get some
If you wanna break the system
The fatboy slim at the disco
The hips gonna speed the tempo

You like the way I move my body
Take control, illuminati
I'm the baddest at the party fo' sho'
I'm like the drink that you been sippin'
I'm the spice that you been missin'
Good as gold baby I'm ready to go

How that body do so much lovin'
It's gotta be good for something
How that body do so much lovin'
I got the touch so custom

Oh baby, take a look at me
Oh baby, do you like what you see?
Oh baby, take a look at me
'Cause I'm the hottest motherfucka' that you ever seen

Do you like it? (hot, hot)
Do you like it? (hot, hot)
Do you like it? (hot, hot)
Do you like it?

(Do you like it?)
Oh baby take a look at me
'Cause I'm the hottest motherfucka' that you ever seen

Do you like it? (hot, hot)
Do you like it? (hot, hot)

Do you like it? (hot, hot)
Do you like it?
