

## Just Playin

Confetti

Just playin  
Fuck y'all mean  
Y'all can't take me seriously?  
Just playin  
Feeling my shit  
Find an internet kid to get literally lit  
Just playing  
Literally give em' that gas  
Light a match and cook em' in a bag  
Rather be in a strip club throwing out bands  
But I can't leave till I learn a TikTok dance  
Just playin

Fuck that shit  
Blah blah blah what you think bout this  
Got a zip tie I'mma just zip them wrists  
Got duct tape I'mma just slap on them lips  
Just shut up, shut up, shut up  
Show the bitch what up, what up, what up  
Got the codeine kickin in all 5 colors  
Taught a brand-new trick to a scary ass motha

God damn  
Bitch I'm a clown  
Traveling deep with speakers that peak  
When I'm coming in town  
Ah yeah  
That's how I get down  
Killin these dweebs and working them cheeks on a booty that bounce  
Come on, come on, come on

Just playin

Fuck y'all mean  
You a lil' vape I'm a cigarette, G  
Took a blade to my jeans so my knees could breathe  
Got a DNA flip in my XYZ's  
Now I'm getting random as fuck  
Whole world watching me naked like porno  
That's why I'm eating that chicken and farro  
With a flow that's borrowed from Jack Harlow

God damn  
Bitch I'm a clown  
Traveling deep with speakers that peak  
When I'm coming in town

Ah yeah  
That's how I get down  
Killin these dweebs and working them cheeks on a booty that bounce
