

## Passengers (Interlude)

**Confetti**

Attention passengers

We are now approaching our final descent to our destination

The mothership will be landing in approximately 9 minutes and 01 seconds

We sincerely hope you've enjoyed your travel with Confetti Airlines

And we hope that we find you traveling with us near soon

From Conrad, Fetti, and all of us here at the circus

We wish you a safe journey back to your mundane and boring planet

That you call Earth, may the circus be with you
