

Pipe Dream_V4

Confetti

How you gon' promise me the world? Wow
Who the fuck you think you are now?
Yeah who elected you in-charge? How?
You got a speech but not the boss, nah

I'll be shooting for the stars feeling far to me
Need a telescope, oh you make it hard to see
Like a magician with a sleight of hand
Ain't falling for your petty tricks, I'll be damned

This pipe dream needs a plunger
'Cause you're full of shit (You're full of shit!)
'Cause you're full of shit (You're full of shit!)
This pipe dream needs a plunger
'Cause you're full of shit (You're full of shit!)
'Cause you're full of shit (You're full of shit!)

('Cause you're full of shit)
Ah-ah, ah-ah
'Cause you're full of shit)
Ah-ah, ah-ah
Yeah

Just a wolf in sheep's clothes
Taking everything and barely leave the bones (You're full of shit!)
Ice scoopin' up this soft serve
I'm in that self-serve
Like it's some dessert (Full of shit!)
Got a suit on, you gon' let me know (Let me know)
What the moves are, what you lead me on (You lead me on)
'Cause the dreams you're selling seem a long shot
Been cooking for a minute with an empty pot

This pipe dream needs a plunger
'Cause you're full of shit (You're full of shit!)
'Cause you're full of shit (You're full of shit!)
This pipe dream needs a plunger
'Cause you're full of shit (You're full of shit!)
'Cause you're full of shit (You're full of shit!)

('Cause you're full of shit)
Ah-ah, ah-ah
'Cause you're full of shit)
Ah-ah, ah-ah

(This pipe dream needs a plunger)
'Cause you're full of shit)
(This pipe dream needs a plunger)
'Cause you're full of shit)
