

# Rush

## Confetti

I need the rush  
Pick it up rush  
Can't get enough  
Come on look at us  
I need the rush

I got Pablo and Blanco  
Pitty chasing a Bronco  
Cop it or call me Costco  
I've got a new passport up in Oslo  
I'm with the fast and furious  
Got your mind go straight to curious  
Been through breakthrough glorious  
Gotta take that K, victorious

I just wanna keep it Golden  
So nobody can control me now  
Everybody's taking notice  
That nobody's gonna slow me down

I need the rush  
Pick it up rush  
Can't get enough  
Pick it up, live it up, kick it up, turn it up  
I need the rush  
Come on rush  
Can't get enough  
Come on show me love  
I need the rush  
I need the rush

Yeah I need the rush  
Yeah I need a buzz  
No I don't need to calm down  
'Cause you been thinking too much  
No more over thinking under 'chieving  
I'mma hit the full speed best believe it  
I'mma hit the red light green light (Go)  
Daylight midnight (Show)

I just wanna keep it Golden  
So nobody can control me now  
Everybody's taking notice  
That nobody's gonna slow me down

I need the rush  
I need the rush  
Pick it up rush  
Can't get enough  
Can't get enough

I need the rush  
Pick it up rush  
Can't get enough  
Pick it up, live it up, kick it up, turn it up  
I need the rush  
Come on rush

Can't get enough  
Come on show me love  
I need the rush

I need the rush  
Give me the rush  
Give me the, give me the, give me the rush  
I need the rush  
I need the rush  
Give me enough
