Ooh-ooh-ooh-ooh-ooh

Cause we are the future Conspiracy, theories (Conspiracy, theories) Cause we are (Cause we are) the future (The future) Conspiracy, theories (Conspiracy, theories)

Sometime down the line
On a drive-by from another life
To find what we left behind
Whoa-ohh-ohh

To go back and tell the tale Move fast [?] As if we were never real

Noone believes what they have seen

Cause we are the future Conspiracy, theories (Conspiracy, theories) Cause we are (Cause we are) the future (The future) Conspiracy, theories (Conspiracy, theories)

Noone believes what they have seen So long, be free, ancient history

(Go!)
