

Break It Bought It

Confidence Man

Let me tell ya everybody, it's my world
And I'm an extra ordinary girl
You and I
The planets, the stars, align

Human connection
Divine intervention
I'm the answer to your question
The perfect in perfection
Move in all directions

East to the west
North to the south
You're in my house
So keep your hands to yourself
Cause if you break it
You bought it

You break it, you bought it
You break it, you bought it
You break it, you bought it
Put your hands down if you can't afford it

You break it, you bought it
You break it, you bought it
You break it, you bought it
Put your hands down if you can't afford it

As far as the eye can see
They named all the planets after me
I'm breaking time
Everything everywhere rewinds

Parallel dimension
Witness my ascension
I am the answer to your question
I am your reflection
Natural selection

East to the west
North to the south
You're in my house
So keep your hands to yourself
Cause if you break it
You bought it

You break it, you bought it
You break it, you bought it
You break it, you bought it
Put your hands down if you can't afford it

You break it, you bought it
You break it, you bought it
You break it, you bought it
Put your hands down if you can't afford it

Keep it going

Like this, like that
Like this, like that

Keep it going, keep it going, (keep it, keep it) keep it going
Like this, like that
Like this, like that

Keep it going, keep it going, keep it on going, keep it going...
Keep it, keep it, keep it going

You break it, you bought it
You break it, you bought it
You break it, you bought it
Put your hands down if you can't afford it

You break it, you bought it
You break it, you bought it
You break it, you bought it
Put your hands down if you can't afford it

You break it, you bought it

You break it, you bought it
