

CONTROL

Confidence Man

Wake up, what's on your mind
I keep my head on tight
I lose it all the time
Tonight, tonight, tonight, tonight

How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold hold it

Wake up, what's on your mind
I lose control sometimes
That's what I wanna find
Tonight, tonight, tonight

Wake up, what's on your mind
I lose control sometimes
That's what I wanna find
Tonight, tonight, tonight

Wake up, what's on your mind
I keep my head on tight
I lose it all the time
Tonight, tonight, tonight, tonight

How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold hold it

They call me crazy
They call me crazy
They call me crazy
They call me crazy
They call me crazy

They call me crazy
And they're definitely right
It's pure elation when I step into the light
A true reaction
A true reaction

How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold it hold it
How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold hold it
How can I control it
Hold hold it
