

Don't You Know I'm in a Band

Confidence Man

Oh I, I come alive in the dead of the night
Oh my, they like my style, yeah, I'm looking alright
All the fans try to touch my hands when I walk to the bar
But I just walk on by, ha-ha, ha-ha

Don't you know I'm in a band?
(Don't you know I'm in a band?)
Don't you know I'm in a band?
Yeah

Always a place for me in the VIP
The drinks are always flowing
And I'm smiling 'cause the drugs are free
And the girls, all the girls, they love me
Because they know, yeah, they all know

They know I'm in a band
(Don't you know I'm in a band?)
They know I'm in a band
Yeah

Now watch me dance

Wham-bam-bam, I'm a dancing man
I don't do the moves that you know I can
I don't need the money in my hand
'Cause you know

Don't you know I'm in a band?
(Don't you know I'm in a band?)
Don't you know I'm in a band?
(Don't you know I'm in a band?)
Don't you know I'm in a band?
Yeah, take it away Reg

(Don't you know I'm in a band?
Don't you know I'm in a band?
Don't you know I'm in a band?)
