

Fascination

Confidence Man

Can't get no better
Can't get no better

C'mon
I'm unemployed
I'm overjoyed
I lost my prospects
But I still got my favourite jeans

I ain't got nothing
But nothing's something
That's all I need when you're talking to me

But I lost my wallet
But I got it back
Some honest guy just gave it back to me on the dance floor
Thanks man, sick

Get a life, get a wife
Get a house and two kids
I'm out of luck out of touch
But you make me dizzy
Pleased to meet you
You seem really nice
Dizzy

Fascination
You spin me out of time
Fascination
You spin me out of time

I stick it in
I pull it out
I stick it back in
And wiggle it 'round in a little circle
(Come on)

I don't get older
I just get taller
But that's okay, 'cause I got no self respect

Dizzy
Pleased to meet you
You seem like a really nice person
Dizzy

Fascination
You spin me out of time
Fascination
You spin me out of time

Fascina-

Fascination
You spin me out of time
Fascination
You spin me out of time

Fascination
You spin me out of time
Fascination
You spin me out of time

Oh my life
Can't get no better
Oh my life
Can't get no better
Can't get no better

There's a whole world out there
A world full of caring and sound and full of love
It's astounding, it's astonishing
This world full of love
You and I
