

Feels Like A Different Thing

Confidence Man

It feels like a different thing

Work for me, work for me
You know I love it when you move so free
Oh, won't ya work for me, work for me
One more time

Work for me, work for me
You know I love it when you move so free
Oh, won't ya work for me, work for me
One more time

Work baby work
(Work baby work)
Oh, you know I love it
Work baby work
(Work baby work)

It feels like a different thing

It feels like a different thing
It feels like a different thing
It feels like a different thing
It feels like a different thing

It feels like a different thing
It feels like a different thing
It feels like a different thing
It feels like a different thing

Work for me, work for me
You know I love it when you move so free
Oh, won't ya work for me, work for me
One more time

Work baby work
(Work baby work)
Oh, you know I love it
Work baby work
(Work baby work)

It feels like a different thing

It feels like a different thing
It feels like a different thing
It feels like a different thing
It feels like a different thing

It feels like a different thing
It feels like a different thing
It feels like a different thing
It feels like a different thing

Yo 1, 2, 1, 2
Is this thing on?
Is this? Hello?

If you like that, you're gonna love this

It feels like a different thing

It feels like a different thing

It feels like a different thing

It feels like a different thing

It feels like a different thing

It feels like a different thing

It feels like a different thing

It feels like a different thing

It feels like a different thing
