

Holiday

Confidence Man

I getaway every day
My holiday
I'm getting paid
I live it up on the go
I'm getting high
I'm never low
Kicking off and I lose control
I'm born to fly
I want it all
Take off and I'm everywhere
I'm in the air
I'll meet you there

I getaway every day
My holiday
I'm getting paid
I live it up on the go
I'm getting high
I'm never low
Kicking off and I lose control
I'm born to fly
I want it all
Take off and I'm everywhere
I'm in the air
I'll meet you there

Best weed back on the block, I'll take it
We all need something to live for, baby
Best weed back on the block, I'll take it
We all need something to live for, baby

I getaway every day
My holiday
I'm getting paid
I live it up on the go
I'm getting high
I'm never low
Kicking off and I lose control
I'm born to fly
I want it all
Take off and I'm everywhere
I'm in the air
I'll meet you there

One life good as it gets, I'll take it
Worldwide, what do you live for, baby?
One life good as it gets, I'll take it
Worldwide, what do you live for, baby?

Best weed back on the block, I'll take it
We all need something to live for, baby
When I was a child I was so naked
