Out The Window

Confidence Man

It's about time your heart fills up
I can make you mine now watch me
Drop a little something in your cup
Have another sip beside me

Slow down, carry me home
My legs feel like jello
Lights out, arms open wide
Exhale, step inside

It's about time the sun comes up
We don't wanna believe it
7 hours later I'm still up
I can't really see us sleeping

Think I-I'm staying home
My head's out the window
My face starts in the light
Tell my mother I

My mind's out the window
Sunshine in my eyes
My oh my, lord I don't know
Sunshine in my eyes

I only want a good time
(I only want a good time)
I only wanted to (try to free my mind)
I only want a good time
(I only want a good time)
And now I'm stuck in the sunshine

I only want a good time
Try to free my mind
I only want a good time
Sunshine

My mind's out the window
Sunshine in my eyes
My oh my
'Lot I don't know
Sunshine in my eyes

Sunshine, sunshine
Sunshine, sunshine
Sunshine, sunshine
Sunshine, sunshine
