

# SICKO

## Confidence Man

This is the sound

I'm such a sicko  
8 666 0  
I can't forgive  
I might forget though  
Everybody wants to get fucked up

Oh oh oh  
I am the muse  
I am the music  
I'm born to lose  
So watch me lose it  
Everybody wants to get fucked up

I can take my heart  
And bend it any way  
Every other day  
It's the only thing I do  
I can take my heart  
And bend it any way  
Every other day  
I can fake it and I do

I'm talking to God  
I'm breakin' the law  
Anything to make it better better better  
The higher I get  
The harder I fall  
Anything to make it better better better

I'm such a sicko  
8 666 0  
I'm good to go  
Pick up the tempo  
Everybody wants to get fucked up

Oh oh oh  
I disconnect  
So disconnected  
Been dead for days  
So resurrected  
Everybody wants to get fucked up

I can take my heart  
And bend it any way  
Every other day  
It's the only thing I do  
I can take my heart  
And bend it any way  
Every other day  
I can fake it and I do

I'm talking to God  
I'm breaking the law  
Anything to make it better better better  
The higher I get

The harder I fall  
Anything to make it better better better

I can take my heart  
And bend it any way  
Every other day  
It's the only thing I do  
I can take my heart  
And bend it any way  
Every other day  
I can fake it and I do

I'm talking to God  
I'm breaking the law  
Anything to make it better better better  
The higher I get  
The harder I fall  
Anything to make it better better better

I'm such a sicko
