

SO TRU

Confidence Man

So true, don't wanna sleep tonight
My love for you is so true
You know I give you that
I do, I do and it's so true
So true, so true
Everything I do, so true, so true
So true

One on one you're
You're gonna get it soon
Two on two is
Something I never do
I like you when
When you're not wanting on me
I'm so deep

Day by day I
I live in heaven for
365 and 24/7
And I like you when
You ran a number on me
I'm so sweet

So true, don't wanna sleep tonight
My love for you is so true
You know I give you that
I do, I do and it's so true
So true, so true
Everything I do
So true, so true
So true

Work so hard I
I need a minute, 'cause all I do now
Is what I didn't and I like you when
When you're not looking at me
I'm so sweet (so sweet)
And so true

I don't know if you know but I do
It's boring when you play it so cool
The less I know, the better with you
And that's true

So true, don't wanna sleep tonight
My love for you is so true
You know I give you that
I do, I do and it's so true
So true, so true
Everything I do, so true, so true
So true
So true

Don't you wanna mean the world to me
Don't you want me to be the girl for you
Don't ever lie to me
Boy, oh boy, you gotta be so true

So true, so true
Everything I do, so true, so true
So true
So true
So true
