The Connells

Be yourself  
Be yourself so you won't fade out  
Keep yourself  
Keep yourself so you won't change at all  
Anyone in a crowd  
sees you fail to leave a definite scar  
Don't you hold back now  
See yourself  
See yourself as one turned 'round  
Free yourself  
Free yourself or turn back now  
Everyone in the crowd  
Seems to think you're the greatest of all...  
What if they found out?  
Anything that you say  
I don't know about it  
What you see what you're sayin'  
Just doesn't matter  
anymore  
Leave yourself  
Leave yourself time to get it right  
Keep yourself  
Be yourself make the red hot white  
Don't you hold back now  
Everyone's full of sparkle and charm  
How can you bow out?
