

God Moments

Conner Smith

The night that I met her, I was far from home
But I found a little home in her eyes
I didn't know if I'd ever see her again
But I knew she'd changed my life

God's just the type that would cancel a flight
So, forever wouldn't get away
I guess it's true what they say about Him
How He works in mysterious ways

I try to make the plans
But He makes the path
Never makes sense
'Til you see it in the past
Eyes wide open
And I didn't even know it
I was looking at a God moment

If it was all up to me, who knows what I'd miss
Trying to figure out which way I should pick
So, I just let go and wait until He's showing me
One of those God moments
Yeah, one of those God moments

Pawn-shop guitar that Dad bought use
But he brought it home new to me
I didn't ask for it, didn't know how to play
And he'd never even heard me sing
Until I had it in my hands
Those songs and a band
Weren't even a thought in my head
I guess God knew what was coming down the road
And He just hadn't shown me yet
It makes you wonder what's coming up next

I try to make the plans
But He makes the path
Never makes sense
'Til you see it in the past
Eyes wide open
And I didn't even know it
That I was looking at a God moment

If it was all up to me, who knows what I'd miss
Trying to figure out which way I should pick
So, I just let go and wait until He's showing me
One of those God moments
Yeah, one of those God moments

It didn't take a vision or a near-death night
For me to know who He was
Just a summer camp sermon on 3:16
And for me, I'd heard enough

I've seen it time and time again
I'm always worried how it ends
But He ain't ever failed me yet

Hell, I know, no mater how it goes
It's always for the best

I try to make the plans
But He makes the path
Never makes sense
'Til you see it in the past
Eyes wide open
And I didn't even know it
That I was looking at a God moment

If it was all up to me, who knows what I'd miss
Trying to figure out which way I should pick
So, I just let go and wait until He's showing me
One of those God moments
One of those God moments

A God, a God moment
