

# Thousand Miles Away

Conner Smith

"Good night, darling,"  
Coming through a phone call  
Laying in a bed I sleep alone  
Been four days now  
Since we've talked about  
Anything but how your day was going

Most our fights are just because I miss you  
I'm thinking about how much I wanna be with you

Well, girl, can you imagine  
The life we'll have when  
You're just a girl down the road  
And I'll bring you flowers  
To your front porch after  
Work on my way home?  
And I won't have to spend most my days  
Feeling like my heart's a thousand miles away

Well, I could swim across that 'sippi river  
Hitchhike from here to Denver  
And I'd still be ten hours from your door  
I hate how I fall asleep  
When you still got sunlight to see  
But I guess that's the price I pay for

Loving a girl across the zones of time  
Loving you is worth it and I ain't changing my mind

Girl, can you imagine  
The life we'll have when  
You're just a girl down the road  
And I'll bring you flowers  
To your front porch after  
Work on my way home?  
And I won't have to spend most my days  
Feeling like my heart's a thousand miles away

A thousand miles away

Well, girl, can you imagine  
The life we'll have when  
You're just a girl down the road  
And I'll bring you flowers  
To your front porch after  
Work on my way home?  
And, darling, we can dance every time it rains  
And I won't have to spend most my days  
Feeling like my heart's a thousand miles away

A thousand miles away
