

Follow the boys

Connie Francis

I'll follow the Boys wherever they go
I'll follow the Boys, 'cause in my heart I know
I know that somewhere, somewhere along the way
I'll find my love, my own true love someday

There'll be no place to far, to ocean to wide
Whereever he goes I'll be right by his side
I'll follow the boys and wait until the time
Till that boy that I'm following is mine

There'll be no place to far, to ocean to wide
Whereever he goes I'll be right by his side
I'll follow the boys and wait until the time
Till that wonderful boy that I'm following is mine
